4416 SPRINGFIELD ROAD  
GLEN ALLEN, VA 23060  
(804) 270-7274; (804) 270-1317 fax**

Thank you for scheduling OFA/Penn Hip procedures with Springfield Veterinary Center. We would like to remind you to bring your pet's DNA profile, tattoo number and/or microchip number with you. If necessary, we are able to provide services for DNA profile and microchip. If you choose to microchip your pet, please provide an alternate contact including name, address, and telephone number, in the event the microchip company is not able to reach you via your information.

We will need to make a copy of your pet's AKC registration, so please bring this with you or fax to us before your appointment.

Thank you for your cooperation,

Springfield Veterinary Center
